Dear Ms. Grubaugh-Littig:

Ark Land Company has submitted two coal exploration plans, one for Canyon Fuel Company's SUFCO Mine and one on behalf of Canyon Fuel Company's Skyline Mine. The SUFCO Mine exploration plan proposes the drilling of four coal exploration boreholes in the summer of 2003. One hole would be located on lease U-63214 and three would be on lease U-76195. The Skyline Mine exploration plan proposes to drill three helicopter-supported boreholes on lease U-67939. Please review Ark's proposals and provide any recommended conditions to this office. One copy of each exploration plan is included.

If you have any questions regarding this matter, contact Don Stephens at the Price Field Office (636-3608).

Sincerely,

Patrick J. Gubbins  
Field Manager
