Subject: RE: Sufco 3rd Quarter 2002 Water Monitoring

Chris,

The parameters for FP-1 and FP-2 have been set by the Hydrologist indicating 3rd Quarter sampling is required, I will verify and change to the 4th Quarter.

Thanks,

Dana:

Our permit does not require reporting FP-1 and FP-2 until the 4th quarter. I will get back to you on the UPDES information.

Chris

Chris,

I uploaded all SUFCO information from the pipeline. A report is attached.

According to the parameters set by the Hydrologist, samples are still missing from FP-1, FP-2, and the UPDES points.

Let me know if you have any questions,

Thank you,

Dana Dean, P.E.

Pam:

I am sending this e-mail to let you know that Sufco's 2002 3rd Quarter Water Monitoring data was uploaded to the Division's EDI system and ok'd by the mine before the end of 2002. I submitted the data to the EDI before the 27th of December then promptly moved onto other items. I apologize that I did not notify you sooner that the information was in the system. If you have any questions regarding this information, please give me a call.

Chris Hansen
