Re: Approval of Link Canyon Portal Amendment, Canyon Fuel Company, LLC., SUFCO Mine, C/041/002-AM02E, Outgoing File

The Division has completed our review of the above-referenced amendment including information received through January 7, 2003 and the amendment is hereby approved. A stamped incorporated copy is enclosed for your copy of the Mining and Reclamation Plan. A copy of our technical analysis is also enclosed for your records.

Those federal agencies that have already received the amendment can simply incorporate it into their existing copy of the Mining and Reclamation Plan.

Prior to construction at the site, you should install the appropriate identification and disturbed area markers and sediment control features. We also remind you of the commitments you have made in your plan for protection of this area.

Thank you for your help in completing this permitting action. If you have any questions, please feel free to call me at (801) 538-5325 or Dave Darby at (801) 538-5341.

Sincerely,

Daron R. Haddock
