**Subject:** Re: Pines Tract Subsidence Crack / Report of Elk Carcass in Opening

Hi, we will have Justin Eatchel (our summer intern) go out (hopefully with Mike Davis) and check out what's happening there. Carter - would you please let me know where it is at...or e-mail all of us..  
Thanks. Pam

Mike.....

During our interagency meeting this day, Carter Reed indicated that a citizen had complained about a subsidence crack containing a dead elk, and that Tom Lloyd was investigating the situation. Can you please keep the Division informed relative to any developments ? Thanks.
