Dear Ms. Carlton:

The Division appreciates the lead role the Forest has taken in the MOA concerning the Elusive Peacock Shelter, Big Mac Shelter, Little Mac Shelter, and 42SV 2492. Division and Forest Service staff recently discussed the need to proceed with the process for determining compensation or remediation for these archeological sites. A site visit is scheduled for June 14, 2004.

We look forward to working with the Forest and interested parties in planning the remediation to fulfill Division responsibilities under the Surface Mining Control and Reclamation Act. If you have any questions, please feel free to call me at (801) 538-5258.

Sincerely,
