RE: Canyon Fuel Company, LLC - "SUFCO" Mine - Application for a Permit Revision,  
Updated Facility Maps

Dear Sir or Madam:

This is in response to the Utah Division of Oil, Gas, & Mining's (UT-DOGM) February 4, 2005, request for a decision, under 30 CFR 944.30, whether the above subject permit revision constitutes a mining plan modification.

Mining plan approvals by the Secretary of the Interior are required under the Mineral Leasing Act of 1920, 30 U.S.C. 181, *et seq.* before coal mining can occur on Federal lands. This letter serves to document OSM's determination whether or not a mining plan approval from the Secretary is required for the above permitting action.

OSM's review of the Application for a Permit Revision, Updated Maps, has determined that it proposes to update the Surface Facility Maps to depict the removal, renaming and other recent improvements to surface support facilities at the SUFCO mine, Utah State permit C/041/002.

Based on a review of the activities associated with the permit revision, OSM has determined that the proposal does not meet the requirements of 30 CFR 746.18(d). Therefore, the proposed permit revision does not constitute a mining plan action requiring Secretarial approval.

OSM's decision was based solely upon the Federal regulations under 30 CFR PART 746 and not the technical aspects of the revision application itself. Consequently, OSM's decision does not relieve UT-DOGM from coordinating the review and approval of the Application for a Permit Revision, Updated Facility Maps, with other Federal agencies for compliance with other Federal regulations.

OSM also electronically transmitted the February 4, 2005, request to the Bureau of Land Management and the U.S. Forest Service for their review and comment.

RECEIVED

MAR 10 2005

TAKE PRIDE  
IN AMERICA 

DIV OF OIL, GAS &amp; MINING

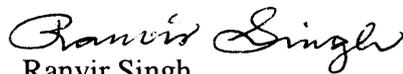

In an electronic transmittal dated February 7, 2005, the U.S. Forest service stated in its opinion the Updated Facility Map revision would not constitute a mining plan action requiring Secretarial approval.

The Bureau of Land Management did not provide any comments in the thirty day time frame established by the Federal regulations under 30 CFR 944.30, Article VI. D.

Please notify the applicant of our decision on this matter.

Should you have any questions regarding this letter or approval, please contact Carl R. Johnston, Utah Federal Lands coordinator, at (303) 844-1400, extension 1500.

Sincerely,

Ranvir Singh  
Manager, Northwest Branch
