Subject: Lease Area Relinquishment, Task ID #2756, Canyon Fuel Company, LLC,
SUFCO Mine, C/041/0002

Dear Mr. May:

The Division reviewed your application for lease relinquishment and determined that there is a deficiency that must be addressed before a determination can be made that the requirements of the R645 Coal Mining Rules have been met, and an approval can be granted. The deficiency is as follows:

R645-301-521.140 and R645-301-121.200, The Permittee must update all maps that show the permit area boundaries. The Division needs all maps that show the permit boundaries to be updated to avoid confusion about what maps show the correct permit boundary.

Please respond to this deficiency as soon as possible, but by no later than May 8, 2007, such that we may efficiently process your application.

Sincerely

D. Wayne Hedberg
Permit Supervisor
