Subject: Re: SUFCO Midterm Response Task#3464

Hi April,

I requested that the Operator provide an updated Exhibit "A" to their Reclamation Agreement to reflect the proper disturbed acreage - 48.432 acres. The Operator's response was that the information is being prepared and will be provided by 4/01/10 - this should suffice. I don't want to hold up the approval of the Midterm Review until we actually receive the information.

Thank you!
Angela

Good Morning Everyone,

Please note that we received a response back from Leland Roberts at SUFCO regarding the midterm deficiencies. I assigned each of you a review of the response letter in the CTS. Please review and determine if the responses to your deficiencies are adequate.

I will be at the Emery County water user meeting today but back in the office tomorrow if you have questions.

Thanks!
April
