Salina, Utah 84654

Subject: West Coal Lease Modifications, Canyon Fuel Company, SUFCO Mine, Permit C/041/0002 and Task ID #3725

Dear Mr. May:

The above-referenced amendment is conditionally approved upon receipt of 8 clean copies which include the correction to plate 5-6 described below and prepared for incorporation. Please submit these copies by March 1, 2011. Once we receive these copies, final approval will be granted, at which time you may proceed with your plans.

R645-301-521: Please change the statement under #1 adjacent area on plate 5-6, to state that the adjacent area for biology is at least a 0.5 mile buffer around all surface disturbances or remove the statement from the map.

A stamped incorporated copy of the approved plans will also be returned to you at that time, for insertion into your copy of the Mining and Reclamation Plan. This modification will necessitate an update to the Technical Analysis.

If you have any questions, please call me at (801) 538-5262 or April Abate at (801) 538-5214.

Sincerely,

James D. Smith
Permit Supervisor
