Hi Amanda,

I believe your request is certainly reasonable. Especially since you are having to wait on the Division of Water Rights where you have little control on how quickly they act on the change applications. Let's extend your due date to December 31, 2012 which should give you enough time to get the information. If for some reason the change application does not get completed, please let me know and we can work out another date. Thanks,
Daron Haddock

Daron,

Sufco received a letter dated November 16, 2012 for a conditional approval for our Northwater Mitigation Plan. Sufco was asked to submit 2 clean copies and the approved temporary change application issued by the Utah Division of Water Rights by December 15, 2012. The Forest Service is anticipating the temporary and permanent change applications to be to Marc Stilson tomorrow December 13, 2012 for approval. Sufco would like to ask for an extension on the December 15, 2012 due date.

If you have any questions or need additional information, please contact Amanda Richard at [\(435\) 286-4489](tel:4352864489).

Thanks,

Amanda
