Hi Vicky and Mike,

Today in our staff meeting we had discussions about a conflict with the May 14th date for our visit to the North water area (assuming access was a go). Instead, what we would like to do is schedule our inspection during the construction phase. If you would give us a call once you have started construction, we can firm up our schedule from there.

Feel free to give me a call if you would like to discuss this matter further.

Best regards,

April

Ladies and Gentlemen:

We will contact you when we are ready to do construction.

Thanks, Vicky
