Action(s) required: Yes No

Submit plans for the construction of the berm that is located between ditch # 1 and the north corner of the sediment pond. Plans must include at a minimum the following information: A narrative and maps (2v6, 4v4) that include a detailed description and location of the berm including a typical cross section. A demonstration of the type of material that the berm is constructed of. If it is determined that the material used in the construction of the berm is viable growth media it will need to be placed on the topsoil stockpile storage area. Plans must be submitted by no later than 5:00 PM Friday, October 31. Plans must be complete and adequate and implemented upon approval.
