Analysis:

The amendment does not meet the State of Utah R645-301-121.120 and/or R645-301-141 requirements for providing a legal description that identifies the land (on a map) subject to coal mining (and reclamation).

Plate 5-6 incorrectly includes T. 20S., R.5E., Section 33: S1/2S1/2 as part of the lease boundary.

The amendment does not update other maps that show the permit boundary.

Deficiencies Details:

The amendment does not meet the State of Utah R645-301-121.120 and/or R645-301-141 requirements for providing a legal description that identifies the land (on a map) subject to coal mining (and reclamation).

Plate 5-6 incorrectly includes T. 20S., R.5E., Section 33: S1/2S1/2 as part of the lease boundary. The map must be corrected to remove this parcel from the lease boundary.

The amendment does not update other maps that show the permit boundary. All other maps in the MRP that include a permit boundary must be updated pursuant to this modification of the legal description.
