Hi Nicole,

Here are the tonnages for the Pines East lease that were provided to me from the company:

Sufco mined 40,235,000 tons in the Pines Lease , recovery from the Pines East panels is anticipated to be 2.5 million tons. Hopefully these numbers will satisfy the remainder of Nicole's questions. Regards, Vicky

Hopefully that helps. 2.5 million tons versus 40,235,000 tons seems fairly insignificant to me.

Thanks for your help.

Steve
