RE: Black Hawk Mine
Utah Coal & Energy Company
Reclamation Permit Application
Summit County, Utah
ACT/043/001

Dear Mr. Smith:

Another professional engineer and I are currently in the process of compiling a permit application for Black Hawk Mine, Summit County, Utah. This application will be in compliance with the Coal Mining and Reclamation Permanent Program for the State of Utah.

In order for us to obtain clarifications on certain aspects of the regulations and understand exactly what areas we need to address in the permit application, we would like to have a meeting with your department and any other appropriate State Regulatory Agencies. If a meeting of this nature can be arranged, we would like it at your earliest possible convenience.

Feel free to contact me by phone (502-338-1960) in regards to the time of a meeting or any questions you may have.

Your assistance in this matter will be greatly appreciated.

Sincerely,

Eric Quam
