Dear Mr. Davis:

RE: Cessation Order C85-6-2-1

I conducted a field tour of the Blackhawk Mine site on November 5, 1985 at approximately 10:30 a.m. I have determined that to the best of my knowledge all site development operations at this mine have ceased, and therefore have enclosed the appropriate termination notice to indicate the proper abatement action has been achieved.

Now that operations have again ceased please be aware that any further development will result in appropriate enforcement action unless the proper permits have been obtained.

If you have any questions or comments, please do not hesitate to call myself or Jor Helfrich of the Division.

Sincerely,

Barton Kale
