RE: Mr. Margetts Submits More Information to Division About Collateral Bond, California Portland Cement Company, Blackhawk Mine, INA/043/001, Summit County, Utah

Mr. John Margetts and Mr. Bill Pulsipher submitted more information to the Division to complete the collateral bond information package on February 21, 1986. Mr. Margetts submitted the Johnell Limited Partnership agreement and maps of the 51 acres he wishes to post as collateral in Wallsburg, Utah.

Mr. Margetts again stated that this bond would be for the mine by the Blackhawk Mine. The Division continues to try to clarify the need for a new mine permit and that he is posting a bond on the presently disturbed area (at Blackhawk).
