Re: Black Hawk Mine, INA/043/001, Summit County, Utah

A complete inspection of the Blackhawk mine site was conducted on July 30, 1984 by Joe Helfrich and Sandy Pruitt, Division of Oil, Gas and Mining. They were accompanied on this inspection by Frank Attencio, Albuquerque Office of Surface Mining.

At the time of this inspection the bridge to the mine site was still out so the mine site remained inaccessible. There was no evidence of recent mining activity.
