RE: Reclamation at the Proposed  
Boyer Mine Site  
PRO/043/002, #7  
CEP/043/002  
Summit County, Utah

Dear Mr. Boyer:

Thank you for your June 18, 1984 letter verifying responsibility for the disturbances at the proposed Boyer Mine site cited in Notice of Violation (NOV) N84-2-8-2. The Division of Oil, Gas and Mining (DOGM) has vacated the NOV since your activities up there were not related to coal mining. Over the phone today (July 2, 1984), you committed to promptly recontour the disturbance adjacent to the reclaimed pit #1 site. This fall, during the first favorable planting conditions, all disturbances resulting from your activities will be scarified and seeded. The approved seed mix and application is provided for easy reference below:

SPECIES

Grasses

|  | <u>Seeding Rate</u> |
|--|---------------------|
| Crested wheatgrass ( <u>Agropyron cristatum</u> )  | 3 lbs               |
| Western wheatgrass ( <u>Agropyron smithii</u> )    |                     |
| OR   |                     |
| Bluebunch wheatgrass ( <u>Agropyron spicatum</u> ) | 6 lbs               |
| Russian wildrye ( <u>Elymus junceus</u> )          | 4 lbs               |

Page Two

July 2, 1984

Forbs

Yellow sweetclover (Melilotus officinalis) 2 lbs

Total Seeding Rate: 15 lbs per acre of Pure Live Seed (PLS). (PLS equals the germination rate X seed purity).

Method of Seeding: The Division recommends that seed be cycloned or hand broadcast and raked into the soil.

Time of Seeding: Seeding should be conducted at a time which maximizes available moisture, i.e., late fall or early spring. It is, therefore, recommended that seeding be conducted during the fall of 1984.

The above species are recommended to establish a diverse community as required in the coal mining regulations. These species are inexpensive, easily obtained and drought tolerant. Please notify the Division of your desire to make substitution or to deviate from the above outlined revegetation plan.

Thank you for your cooperation. If you have any questions or problems with this reclamation project, please don't hesitate to contact Sue Linner or myself.

Sincerely,

Sandy Pruitt  
Mining Field Specialist
