Mr. Bill Blonquist
Summit Coal Company
200 South 50 East
Coalville, Utah 84017

Dear Mr. Blonquist:

Re: SOAP Application, Boyer Mine, PRO/043/002, Summit County, Utah

The Division has reviewed Summit Coal Company's Small Operator Assistance Program (SOAP) application as received March 10, 1983 with additional information submitted March 21 and March 29, 1983. The Division finds the application for SOAP complete and the applicant eligible for assistance.

The Division now has funds available for this assistance and is currently making a determination of the minimum data requirements and selecting the services of a qualified laboratory to perform the required work as per UMC 795.15(a). A copy of the contract and final approved report will be forwarded to Summit Coal Company (as per UMC 795.15(a)(2)) upon completion of the project.

Should you have any questions, please don't hesitate to call myself or Lynn Kunzler of my staff.

Sincerely,

Ronald W. Daniels
Acting Administrator
Mineral Resource Development
and Reclamation Program
