Dear Mr. Braxton:

We have reviewed the Summit Coal Company Permit Application (PRO/043/002) and believe it does not address the mitigation of critical mule deer winter ranges to be lost. We suggest a meeting with Mr. Lynn Kunzler to discuss our concerns and to determine an adequate mitigation program. If you have additional questions, please contact George Wilson, Regional Resource Analyst (801-479-5143) at the Northern Regional office in Ogden.
