RE: Letters of interest for obtaining test coal.

Dear Sirs:

Enclosed are copies of two letters of interest for test coal from the Boyer Mine. As additional letters are obtained, copies will be forwarded to the Division.

If you have any questions, feel free to call.

Sincerely,

Leonard J. Maki Gen. Mgr.

SUMMIT COAL COMPANY, INC.  
P.O. BOX 294  
COALVILLE, UT 84017

Gentlemen:

It is our understanding that your organization is thinking of opening a coal mine located near Coalville, Ut. We would like to take this opportunity to inform you that in the event that that your mine goes into operation we would be interested in testing your coal for use at our plant. Because of the location of your mine compared to the mines we are currently purchasing coal from we feel that there may be substantial cost savings for us. For test purposes we would like to obtain from 100 to 10,000 tons of coal.

We would like for you to call us as soon as you have some test coal available.

Respectfully,

Kip Bigelow  
Utelite Corp.

RE: Test Coal:

Dear Sirs:

Our Company understands that Summit Coal Company is in the process of developing a coal mine near Coalville, Utah. Because of transportation costs and other economic considerations, our company would consider the possibility of purchasing coal from your mine. Prior to signing a contract for coal we would like to test your coal in our operation to see if it is adequate for our purposes. For this test we would like to obtain from 2,000 to 10,000 tons of coal. The specific arrangements for this test coal would be made before delivery.

At the time that some test coal becomes available, please contact us so that arrangements can be made.

If you have any questions regarding our coal purchasing, please give us a call.

Sincerely,

IDAHO SUPREME POTATOES, INC.
