Mr. Richard Blonquist
Summit Coal Company
P.O. Box 646
Coalville, Utah 84017

Dear Mr. Blonquist:

Re: Report on Results of Overburden and Hydrologic Investigation of the Boyer Mine, Summit Minerals Company, ACT/043/008, Summit County Utah

Please find enclosed one (1) copy of the report entitled "Results of Overburden and Hydrologic Investigations of the Boyer Mine", Volumes I and II. This report represents the analysis of the first year of data collection conducted under the Small Operators Assistance Program (SOAP). An additional year of data collection is currently ongoing and the results of that investigation will be combined with the above referenced document to form a comprehensive report for the property. A copy of that report will be forwarded to Summit Minerals Company upon finalization.

Thank you for all your cooperation and assistance to date on this project. If you have any questions concerning this report, please feel free to give me a call

Sincerely,

Rick Summers
Reclamation Hydrologist
