FROM: Susan C. Linner, <sup>SCL</sup> Permit Supervisor

RE: Public Hearing, Summit Coal Company, Boyer Mine,  
PRO/043/008, Folder No. 2, Summit County, Utah

The Division gave opportunity for a public hearing in the matter of mining within 100 feet of a public road at the proposed Boyer Mine as per UMC 761.12(d). A notice was published in the Summit County Bee on January 23, 1987, stating that a public hearing would be held on February 13, 1987 if a written request was received by February 6, 1987.

According to Marjie Anderson, Division Administrative Assistant, no such request had been received by February 10, 1987. Therefore, the hearing was cancelled.
