Dear Mr. Blonquist:

Re: Approval for Request for Extension of Time for Response to
Comments Relative to Waste Rock Disposal Area, Summit Coal
Company, Boyer Mine, ACT/043/008, Folder #3 and #2, Summit
County, Utah

The Division has received your request dated May 10, 1988, for an extension of time for the response to the comments relative to the waste rock disposal area. This response was originally due May 1, 1988. The Division recognizes that the current waste pile has been sold as a product and is being removed from the site. This will allow more time for you to evaluate alternative disposal sites and conduct further evaluation of the proposed site.

The Division approves the request for an extension to June 15, 1988. If you have further questions, please contact me or Rick Summers of my staff.

Sincerely,
