Dear Dr. Dollhopf:

Please find enclosed three (3) spoil samples, ID# B3, B5, and A2, sampled March 3, 1988, from the Boyer Mine, for acid generation analysis. I would appreciate your report on this as soon as possible. The enclosed samples will be used to determine the extent of further required sampling for statistical accuracy.

If you have any question, please let me know. Thank you.

Sincerely,
