Re: Surface Agreement of Coal Mine

Date: March 1, 1989

DIVISION OF
OIL, GAS & MINING

Dear Bill,

I am writing pursuant to our Coal Mining Surface Lease Agreement dated February 14, 1982. In accordance with the provisions of that lease, I am providing you with written notice that the lease is now terminated. If you desire to renew the lease please contact me regarding the negotiation of such a contract. I am further requesting that neither you nor any of your representatives enter the premises without first obtaining permission. I would appreciate entering on to the premises with you and/or your representative for the purpose of learning the current disposition of the items remaining on the premises.

In accordance with the provisions of the old contract I am requesting a complete accounting of the coal mined during 1988 and a current disposition of all royalties currently outstanding. In addition, I am requesting any additional financial information which directly pertains to the premises, which may encumber any of the real estate or fixed attachments thereto.

Please understand that my concerns expressed herein are not intended to create any feelings or to express any unwillingness on my part to cooperate in the further operation of the mine. I am simply attempting to protecting my interest as I have not been informed in any way of the current status or future direction of the mine.
