Dear Mr. Blonquist:

Re: Suspension of Operation, Boyer Mine, ACT 043/008, Summit County, Utah

Effective immediately, operations at this mine are to be suspended and will not resume without the written approval of the Division.

The Division has determined that the liability insurance for this operation is not in force. Therefore, in accordance with UMC 800.60, coal mining operations cannot be conducted. In light of the fact that Summit Coal Company has filed for Chapter 11 bankruptcy we are addressing the liability insurance problem through a Suspension of Operation. If you wish to resume operations, it will be necessary to notify the Division of this, supply the necessary liability insurance documentation, and request a release of the suspension.

Please contact me or Lowell Braxton if you have any questions.

Best regards,

Lowell P Braxton
