PERMIT NUMBER: INA/043/008

DATE OF INSPECTION: 9/14/94

(Comments are Numbered to Correspond with Topics Listed Above)

### General Comments -

This site is idle and the permittee has forfeited the reclamation bond. The entry road to the site is gated and locked. The site is strewn with debris, but does not appear to contain any hazardous conditions. There had been a storm event in the area prior to the inspection. The diversions appear to be directing runoff to the pond. The pond was wet but did not contain any water or show signs of discharge..
