Re: Status of Bond Forfeiture Site, Boyer, C/043/008, Outgoing File

Dear Ms. Boyer:

The Boyer Mine, a bond forfeiture site, was reclaimed as of November 20, 1997. This letter is to apprise you, as landowner, of the status on this site. The Division last visited this reclaimed site on May 14, 1999 and found no evidence of offsite impacts. That is, there was no erosion or other visible sign of any impacts off the permit area caused by the mine.

Although this mine is now in a reclaimed state, the Division still has regulatory jurisdiction over this mine site. Currently, however, the Division is preparing a legal policy which could lead us to potentially terminate the Division's jurisdiction over your property.

We will keep you informed about this process. In the interim, if you have questions, please feel free to contact me at 801-538-5306, or to contact one of the two Coal Permit Supervisors: Pamela Grubaugh-Littig or Daron Haddock at 801-538-5268 and 801-538-5325, respectively.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Mary Ann Wright'.

Mary Ann Wright  
Associate Director, Mining
