IMPORTANT – READ CAREFULLY

Pursuant to the Utah Mined Land Reclamation Act, Utah Code Ann. § 40-8-1 et. seq. (Act), the undersigned authorized representative of the Division of Oil, Gas, and Mining (DOGM) has conducted an inspection and found that a Citation in the form of a Notice of Violation or Cessation Order must be issued.

This Citation shall remain in effect until it is modified, terminated or vacated by written notice of an authorized representative of DOGM.

1. PENALTIES.

Assessment. For each violation included in this Citation, a penalty of up to \$5,000 may be assessed for each separate day the violation continues.

Proposed assessment. DOGM assesses fines based upon a proposed recommendation by an assessment officer. If there is additional information you wish DOGM to consider regarding the citation and proposed fine, please submit that to DOGM within **15 days of the date this citation is served on you or your agent.** Such information will be used by the assessment officer in determining facts surrounding the violation(s) and amount of penalty. Once DOGM has determined the proper penalty, it will serve the proposed assessment on you or your agent, within 30 days of the issuance of this citation. See Utah Admin. Code R647-7-105 et. seq.

The penalty will become final unless you or your agent file, within 30 days of receipt of the proposed assessment, a written request for an informal conference before an assigned conference officer.

If you fail to abate any violation within the time set for abatement or for meeting any interim step, you will be issued a Failure to Abate Cessation Order requiring cessation of mining operations on the portion of the operations relevant to the violation, and you will be assessed an additional minimum penalty of \$750 for each day of continuing violation beyond the time set for abatement.
